LINLANG GLASS

» Introduction

企业简介

History:
Our original company was Jiangsu glass bottle group which was established in 1982 and was state-owned enterprises. Due to its disordered management and undeveloped technology. We can't enlarge our market at that time. In order to make a progress and enlarge the market, we were made a innovation and introduced the advanced production equipment and management from Japan to build such a Million Tons production base made of super flint, high flint and normal flint to make sure the source of high quality material.
